## Overview

The purpose of this bulletin is to announce End-of-Sale (EOS) and Last-Time-Buy (LTB) plans for the following products:

- SafeNet Authentication Manager (SAM) PKI Use Cases

Thales is committed to providing our customers with the most advanced authentication technologies. As part of our ongoing investments in our product portfolio, Thales will transition the products listed above to the replacement products outlined in this document and detailed in the [“Replacement Products”](#) section.

Thales has developed a plan to ensure current customers a smooth transition in moving to the latest available Thales technology. If you have questions about this transition that are not addressed in this document, please contact your local account manager for more information.
