Overview

The purpose of this bulletin is to announce End-of-Sale (EOS) and Last-Time-Buy (LTB) plans for the following products:

- IDCore 10
- IDCore 40
- IDCore 3010A & 3010B
- SafeNet IDPrime MD 840 & 840B
- SafeNet IDPrime MD 3840 & 3840B
- CC version of SafeNet eToken 5110+ based on IDPrime MD 840

Thales is committed to providing our customers with the most advanced authentication technologies. As part of our ongoing investments in our product portfolio, Thales will transition the products listed above to the replacement products outlined in this document and detailed in the [“Replacement Products”](#) section.

Thales has developed a plan to ensure current customers a smooth transition in upgrading to the latest available Thales technology. If you have questions about this transition that are not addressed in this document, please contact your local account manager for more information.

END-OF-LIFE (EOL)	May 31, 2021	

RMA Policy

RMA & hardware replacements after the Last-Time-Buy (LTB) will be with replacement product. RMAs for products under warranty will be offered only if components are reasonably available. Hardware replacements where deemed appropriate after the Last-Time-Buy (LTB) will be with replacement products. Thales will continue to provide email support to the extent reasonably practicable without providing product releases and quality updates, and Thales provides no guarantee that a problem with the said product can or will be resolved. Thales will not guarantee Failure Analysis (FA) and Corrective Action (CA) reports on these products. Thales will review each unit returned on a case by case basis and determine what type of FA / CA is justified given the age and condition of the product.
