The purpose of this bulletin is to announce End-of-Sale (EOS) and Last-Time-Buy (LTB) plans for the following tokens:

- RB-1
- KT-4
- SafeNet GOLD (SafeNet 3200)

Distribution: Thales Sales, Distributors, Resellers and Existing Customers

Table of Contents

Overview

The purpose of this bulletin is to announce End-of-Sale (EOS) and Last-Time-Buy (LTB) plans for the following tokens:

- RB-1
- KT-4
- SafeNet GOLD (SafeNet 3200)

Thales is committed to providing our customers with the most advanced authentication technologies. As part of our ongoing investments in our product portfolio, Thales will transition the products listed above to the replacement products outlined in this document and detailed in the "Replacement Products" section.

Thales has developed a plan to ensure current customers a smooth transition in upgrading to the latest available Thales technology. If you have questions about this transition that are not addressed in this document, please contact your local account manager for more information.

Key Dates

The following are key dates in the End of Sale process:

Milestone	Date	Comment
LAST-TIME-BUY (LTB)	February 27th 2022	
END-OF-SALES (EOS)	February 28th 2022	Due to the limited availability of hardware components, Thales will fulfill LTB orders as follows: • Thales will make every effort to fulfill all orders placed during the LTB period. • Orders placed during the LTB period will be processed on a first-come first-served basis • Orders will not be accepted after the LTB end date
END-OF-LIFE (EOL)	February 28th 2023	
END-OF-SUPPORT	February 28th 2023	Support expires at this date

RMA

RMA & hardware replacements after the Last-Time-Buy (LTB) will be with replacement product. RMAs for products under warranty will be offered only if components are reasonably available. Hardware replacements where deemed appropriate after the Last-Time-Buy (LTB) will be with replacement products. Thales will continue to provide email support to the extent reasonably practicable without providing product releases and quality updates, and Thales provides no guarantee that a problem with the said product can or will be resolved. Thales will not guarantee Failure Analysis (FA) and Corrective Action (CA) reports on these products. Thales will review each unit returned on a case by case basis and determine what type of FA / CA is justified given the age and condition of the product.

EOS Part Numbers

A full list of end of sale part numbers is available in the table below:

955-000154-001	TOKEN,RB-1,SAS SPE/PCE (ON-PREM),CAPEX
