Overview

The purpose of this bulletin is to announce SafeNet's End-of-Sales (EOS) and Last-Time-Buy (LTB) plans for SC 400 and iKey 4000 authentication tokens.

SafeNet is committed to providing our customers the most advanced authentication technologies. As we continue our investment in these products, SafeNet will transition customers using these products to alternative SafeNet solutions. SafeNet has developed a plan to ensure current customers experience a smooth transition in moving to the latest available SafeNet technology. If you have questions about this transition that are not addressed in this document, please contact your local Account Manager for more information.

Key Dates

The following are key dates in the SC 400 and iKey 4000 End of Sales process:

Milestone	Date	Comment
Last Time Buy (LTB)	30 May, 2015	<p>For existing customers in need of additional equipment.</p> <p>Due to the limited availability of hardware components, all LTB orders will be fulfilled on a best effort basis:</p> <ul style="list-style-type: none"> ○ SafeNet will make every effort to fulfill all orders placed during the LTB period. ○ Orders placed during the LTB period will be processed on a first-come first-served basis. ○ Orders will not be accepted after the LTB end date.
END-OF-SALE (EOS) for New and Existing Customers	31 May, 2015	END-OF-SALE (EOS) for New and Existing Customers
End-of-Life	31 May, 2016	

Table 1: Key EOS Milestones

RMA and Hardware Replacements

SC 400 and iKey 4000 RMA & hardware replacements after the Last-Time-Buy (LTB) will be with replacement products (see Section 3 for more details on replacement products).

RMAs for products under warranty will be performed only if components are reasonably available. Hardware replacements where deemed appropriate after the Last-Time-Buy (LTB) will be with replacement products. SafeNet will continue to provide email support to the extent reasonably practicable without providing product releases and quality updates, and SafeNet provides no guarantee that a problem with the said product can or will be resolved. SafeNet will not guarantee Failure Analysis (FA) and Corrective Action (CA) reports on these products. SafeNet will review each unit returned on a case by case basis and determine what type of FA / CA is justified given the age and condition of the product.

End of Sale Part Numbers

Following is a list of end of sales products and part numbers:

SC 400 Part EOS Part Numbers

Number	Description

Replacement Products

As a replacement for SC 400, customers may order the SafeNet eToken 4100 and as a replacement for iKey 4000, customers may order the SafeNet eToken 5100. For pricing on these tokens, please refer to SafeNet's current price list.

Token Customizations

For ordering customized authenticators, there is a Customer Product Branding (CPB) form that customers would need to submit with all the details of their customization requirements for SafeNet eToken 4100 / SafeNet eToken 5100 tokens. Please consult your SafeNet Account Manager for lead times for fulfillment of customized authenticators as well as for more details on ordering considerations for replacement products.

Contact Us

If you have additional questions or need help, please contact your local SafeNet account manager or one of our regional offices. For more information go to: <http://www.safenet-inc.com>
